

# Node and HTTP

To do: View

---

Learn about Node's core HTTP module.

## 2. Overview: Node HTTP Module

<https://www.youtube.com/watch?v=8N0RJI2CWDU>

[Click here if you wish to open this video in its own window.](#)

## Video Summary

- In this lesson, you will learn about using the core HTTP module built into Node to implement a basic HTTP server that can receive requests from a client and return responses.
